Per Day Income:

₹.1,300 per cycle (That means, ₹.2,600 per day; if you work with 2 direct teams.)

 Every cycle, fresh joining will be calculated from each team.

1.1. Team Activation Income

Morning Cycle

- Suppose you made 6 new direct affiliates.
- For your first 2 new direct affiliates (Aarav & Bhumi), you earn an income of ₹.1,300.
- After that, for each additional new direct affiliate (Charu, Dev & Esha), you earn ₹.1,300 each (₹.1,300 x 3 = ₹.3,900) and ₹.1 on Aroosh as it's your 5th Payout.

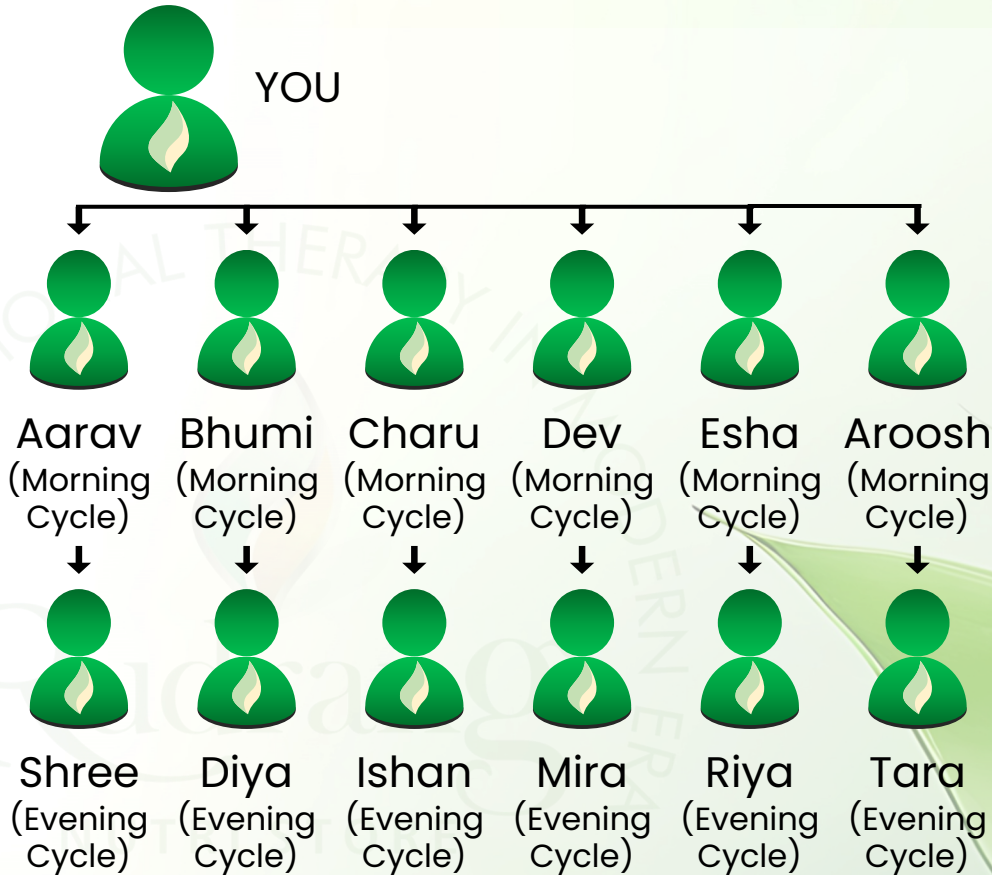

These 6 directs are treated as an individual team.

Evening Cycle

In this cycle, these 6 teams will activate by making at least one new affiliate directly or indirectly.

- You will earn ₹.1,300 for your first 2 different team activations (Shree & Diya).
- After that, you will earn ₹.1,300 for each new team activation (Ishan, Mira & Riya. This means, ₹.1,300 x 3 = ₹.3,900) and ₹.1 on Tara as it's your 10th Payout.

Note: The income you earn from making new direct affiliates or from activating new teams continues to grow in multiples of ₹.1,300 each time. On every 5th Team Activation Income Payout, you earn ₹.1.

Your Income

1st Payout : ₹.1,300

2nd Payout : ₹.1,300

3rd Payout : ₹.1,300

4th Payout : ₹.1,300
